

## BUILDERS HOLD ANNUAL MEETING

Representatives Attend From Richmond, Washington, Baltimore and Norfolk.

(Special to The Times-Dispatch.)  
The fourth annual convention of the Interstate Builders' and Trades Association, composed of the building men identified with the building exchanges of Norfolk, Richmond, Washington and Baltimore, convened in this city to-day. The attendance is large from all the cities represented.

Perry W. Ruth, president of the local exchange, welcomed the visitors to the city and the reading of the reports of officers constituted the business of the morning or opening session. A nominating committee was also named.

At 1 o'clock the local exchange entertained the visitors with a luncheon at the Lynn Restaurant. The evening session was devoted to a general rally. The following were appointed on the credentials committee: S. J. Prescott, of Washington; James H. Chappell, of Richmond; P. F. Smith, of Norfolk, and M. C. Davis, of Baltimore.

The afternoon session of the association, beginning at 2:30 o'clock, was taken up with the discussion of subjects of general interest to the association and the affiliated exchanges. Addresses were made by delegates from all the cities represented.

The visiting delegates have their headquarters at the Lorraine Hotel. Those who attended the convention this morning were as follows:  
From Baltimore—John Trainor, Isaac Scates, F. S. Chavannes, F. G. Walsh, Arthur West, Milton C. Davis, J. B. Wellner, John G. W. John, Doody, Theo. F. Krug, Frank Bennet, Herman Samuels, Walter Chester, Charles Grant, Harry MacLellan, W. E. Austin and W. H. Jackson.

From Washington—Samuel J. Prescott, Benjamin T. Pillow, S. M. Frazier, George Pitt, Walter D. N. John, McCarthy, R. J. Bell, A. B. Lyons, John R. Galloway, Giles Dyer and J. A. Keller.

Richmond—W. D. Gordon, James H. Chappell and J. C. Drew.  
Williams, W. T. Gregory, M. A. Williams, R. P. Smith, C. Morar, Barry, W. P. Christie, O. L. Bonney, W. T. Fort, Henry Walnwright and Charles Easday.

## PENNY A DISH FOR MEALS

Washington Mission Tries a Plan to Alleviate the Poor.

Washington, February 7.—The high cost of living in Washington for time will have an interesting basis for comparison and contrast. The Gospel Mission began Saturday to serve meals to the poor on a cent bill of fare. The menu embraced coffee, meat, beans, soup, pie, vegetables and a hot apple pie. Every article is offered at the uniform price of 1 cent. A Washington woman with ample means has made a gift to the mission of a kitchen with excellent facilities, including a sink and a neat, clean dining room, and has fitted up a sink and a sink provided to give the enterprise a trial.

The place was thronged all day with people of meagre means and some who evidently were there out of curiosity. Every one had a chance to get a good meal of wholesome, nutritious food, well cooked and clean, served in moderate quantity at a price named. The manager, one of the mission employees, said that he could not tell whether the place would lose money or not, but it would not be the plain laid down by its generous patrons until the matter could be fairly tested. Rent does not enter into the estimate of cost, as the restaurant is in a building owned by the mission.

## ANNOUNCES CANDIDACY

Rhode Will Make Race for Re-Election to State Senate.

Annapolis, Va., February 7.—Senator Aubrey E. Rhode has made a formal announcement that he will be a candidate to succeed him in the State Senate for the Nineteenth year of his term. He will be held in the city of Annapolis on the 15th of February. It is a foregone conclusion that he will be elected. Bland Massie, of Nelson county, will oppose him. He is a member of the House of Representatives and has been a member of the Senate for the last two years. It is said by some that he will not be a candidate for re-election.

## MILITIA GUARDS PRISONER

Negro Taken to Weston to Be Tried on Serious Charge.

Weston, Va., February 7.—Fully 2,000 people were at the railroad station here to-day to witness the arrival of William Davidson, the negro who was brought from the State Prison in Maryland to be tried on a charge of attempting to murder Miss Flora Anglin, a farmer's daughter, on the night of December 21 last. By a train the negro was taken from the train by the State militia before the station crowd knew he was coming. Davidson was escorted to the court in the afternoon two companies of militia surrounded the courthouse, and every one admitted to the courtroom was questioned as to his business. Arguments for a change of venue occupied the court early in the morning. Davidson was safely escorted to the jail, surrounded by militia men four feet deep. The case will be resumed to-morrow.

## YOUNG MOTHERS

is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. Write for our free book to expert mothers.

## LORD DECIES WEDS MISS VIVIEN GOULD

(Continued From First Page.)

the sombre foliage. Standards of green, surmounted by Japanese lilies, were used at intervals the entire length of the centre aisle, and on the side walls baskets of growing daisies were arranged.

At the house of Mr. and Mrs. Gould, where the reception was held, there were brought into use branches of fruit trees in full bloom and a profusion of spring flowers.

Will Go to Egypt.  
The couple will sail shortly for Egypt, where they will remain until leaving for the coronation. The wedding gown was of white satin, embroidered in white and silver, with designs of Easter lilies.

The only unusual incident attendant upon the wedding occurred when a bride's grandmother, shied at an awning upon illness, became greatly excited and had to be carried into the Gould home by servants.

## LESS OPPOSITION THAN HE EXPECTED

(Continued From First Page.)

construction which American paper manufacturers fear.

Opposition Awaits for Time.

Ottawa, Ont., February 7.—Discussion of the Canadian-American reciprocity agreement was not resumed by the Canadian House to-day, as the opposition asked for time in which to study the effect of the measure. The subject was therefore deferred until Thursday.

Followers of the government held a caucus to-day, at which the reciprocity agreement was considered, and there was a unanimous expression in favor of giving it effect. This insures the success of the measure in Parliament, as the government has a majority of fifty.

Split as to Amount.

Court convened yesterday for the fifth and last day of the long-drawn-out trial, which has occupied the attention of the court since the arrival of the jury. Long and impassioned arguments by J. M. Long and his associates, and by Hiram M. Smith, until adjournment for lunch, held the court in session until 5:30 o'clock, when the case was submitted.

The jury returned at 5:15 o'clock with the verdict, which was a good one for the plaintiff. The jury found in favor of the plaintiff. The only point in dispute was the amount of damages to be awarded. Some of the jury held out for \$1,500.

Small sentence, as a side issue to the trial, was sprung after the jury served its verdict. The judge sentenced the defendant to the State Prison for a term of one year, with the option of a fine of \$1,000.

Mr. Lambeth Leaves Hospital.  
Hannan E. Lambeth has left St. Luke's Hospital, where he has been since the 10th of January, for his home, 230 North Robinson Street.

Building Permits.  
Building permits were issued yesterday as follows:

W. F. Drinkard, Jr., to erect a double brick tenement, two dwellings, on the north side of Hanover Avenue between Sycamore and Strawberry Streets, to cost \$10,000.

Mrs. Susie S. Dawson, to repair a brick store, 60 Broad Street, to cost \$100.

Wake Forest Defeats Davidson.  
Wake Forest, N. C., February 7.—In an interesting game of basketball here to-night Wake Forest defeated Davidson by the score of 25 to 23. Each team was weak in passing. Wake Forest was especially weak in shooting. Davidson was strong on long goals. Davidson was strong on long goals. Davidson was strong on long goals.

Charge Against Lynchburg Merchant.  
[Special to The Times-Dispatch.]  
Lynchburg, Va., February 7.—Edgar Sandidge, a merchant, will be arraigned in the Police Court to-morrow morning on the charge of selling cigarettes to boys under sixteen years of age. Several witnesses have been summoned for the prosecution of the case.

Governor and Others to Address Boys' Corn Club and Farmers.  
Goochland, Va., February 7.—The Boys' Corn Club and the farmers of Goochland county will hear addresses from Governor William Hodges Mann, Judge George S. Shaeffer, and Senator Nantuckee South Shaeffer, at the annual meeting of the club, to be held at the residence of the governor, to-morrow morning.

The Boys' Corn Club will be reorganized. Plans will probably be made to hold a county fair next fall. General interest seems to have been aroused throughout the county in this meeting, through the school teachers, county officials and others, and it is expected that a large crowd of farmers will attend the meeting.

Will Visit Goochland.

## URGED TO MOVE CAR PLANT HERE

Crawford Company Has One Big Cash and Land Offer From Indianapolis.

PRESIDENT LIKES RICHMOND

Mr. Crawford, Once of Locomotive Works, Tells of His Success as Manufacturer.

R. W. Crawford, president of the Crawford Locomotive and Car Company of Stratton, Ill., came to the city yesterday and is stopping with his wife and daughter at the Jefferson Hotel. Mr. Crawford began his career here as an employee of the Richmond Locomotive Works, and by an invention of his own has built up a Stratton factory which is valued at \$500,000, and which employs about 1,500 workmen. Knowing of the industry that he built up in the West, a number of his friends here have urged him to move his factory to this city.

Though the proposition was sudden, he is looking upon it with great favor, and will give it consideration if the offer is sufficiently inducement enough for the removal of the plant. He has already had an offer from Indianapolis of 100 acres of land and a bonus of \$125,000, but he would like to have a plant to employ from 2,000 to 2,500 men, and he is not sure that he can find a smaller inducement, because he and members of his family prefer to live here.

Once Worked in Local Plant.  
Mr. Crawford was with the Locomotive Works here in 1900, and remained with that plant for five years, when he went to Montreal to take charge of the Locomotive Works, which was purchased by the American Locomotive Company. After this change in management he went to Stratton, a town of 18,000 inhabitants, and began on his own hook.

Ever since steel cars were put in operation by the railways, said Mr. Crawford, "I noticed that a large part of the wooden cars would not stand the strain and that the steel cars on a mixed train I designed and perfected the steel draft channel to be placed under the centre sills of wooden freight cars, as it intended, so that they would stand the wear and tear as steel cars, and would also increase their carrying capacity from 5,000 to 10,000 pounds at a total cost of one-third the original cost of the cars, putting them in condition to give far more service. This means the building and installing of the steel under-frame and the general repairs to cars at the same time."

Give Big Contract.  
The Archison, Topeka, and Santa Fe realized that it was in need of a new car, and gave me the contract to equip 5,000 cars. They have given perfect satisfaction. The contract was done by one locomotive workman, as intended when first organized, owing to the large orders for freight car work. The name, however, was changed to the style of the firm as it may in future decide to do this class of work.

The Santa Fe work was completed by the time that the cars were delivered from different railway companies to equip cars, as my design of under-frame was adopted by the company, and the best methods of strengthening wooden freight cars were put on the market to-day. The company through this special design was able to run the last two or three years of the depression. We are also fully equipped to build new freight cars of wood, composite and steel.

Covers Thirty-Two Acres.  
This company, in which Mr. Crawford owns controlling stock, has a capital of \$200,000. The plant is said to be worth \$1,500,000. It covers about thirty-two acres, or about twice as much space as the Locomotive Works here. Personally, Mr. Crawford would prefer moving to this city, but he said last night that it would be out of the question. The company had to stand the expense. Though a definite proposition has been made to him, it is understood that some of the most prominent business men of the city have become interested in the plan, and that he probably will in the next week or two.

In addition to other inducements it is necessary to guarantee the concern a good location. Several of the roads running into this city, Mr. Crawford has been away from home for ten days, and last night showed letters and telegrams closing general car contracts for the year amounting to approximately \$2,000,000.

Wireless Operator Killed.  
Russell Burbank Steps in Front of an Express Train.

Belmont, Mass., February 7.—Falling to hear the approach of an express train because of the noise of a passing freight, Russell B. Burbank, a wireless operator connected with the cruiser, Chicago, was killed by the death at the Lexington Street grade crossing of the Boston and Maine Railroad at Waverly Station.

Burbank was a resident of Belmont. He was one of the first to take up telegraphy, and when the Nantuckee South Shaeffer, an admittance in the storm of two years ago, it was he who handled the key and sent out the wireless messages that kept the land stations and steamers notified of her whereabouts.

## Free for Stomach and Bowels

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topeka, Kans., and Mr. P. H. Gavellas, Wagoner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headache, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so mild and gentle, it can be taken by the weakest of us. A grown person can take it in a tea-spoonful, and children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and in time medicine of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavellas and many others have learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years, and will be pleased to give the name of the nearest dealer in the neighborhood, or to send you a free sample address him Dr. Caldwell, 541 Caldwell Building, Monticello, Ill.
